Are you  
 ... artistic?  
 ... creative?  
 ... interested in the European Union, the continent of Europe and its people  
 ... full of hope that people will live peacefully side by side in this world?

Then what about having a stab at our logo competition?  
 All you have to do is come up with an original and eye-catching logo on the topic:  
**DOOR TO EUROPE.**  
 (Discovering our origins and roots)

Create a logo that would be suitable for this topic and come up with a slogan that underlines the idea of the project.

This competition is being held as part of the Erasmus+ European project and the three best entries from each participating school will be entered for the winning prize at the first project meeting.  
 So what are you waiting for?
